

# MAP OF IWP CENTER

From Chiang Mai: follow the Mae Rim highway (Chotana Road) out of Chiang Mai until you reach Mae Rim (16 kilometers). Pass the Mae Rim market, Drive another 2-3 kilometers (passing the turn off for Samoeng), and turn right beside the Dynasty tile shop (no English sign, but obvious tile shop). Drive through the rice fields for 2+ kilometers until you get to a village. Turn left at the small lake and again at the T intersection (both places you have turn L or R, choose L). Drive another few hundred meters, turn left at the temple, instead of crossing a bridge. Drive around a curve and take the road to the left that goes into the fields. There is a big water tower there. Drive one kilometer and turn right onto our soi. We are the compound on the right with a wooden house and a grey car in front.
